

The LEGEND OS

“On or Off Street” Parking

“Parking made easy”

“On-Street” Pay by Space, “Off-Street” Pay by Display. The device is highly sophisticated and will replace the traditional parking meter. They are used in many applications in cities and municipalities, University campuses as well as private applications.

This machine accepts cash (bills and coins), credit cards and smart cards. Revenue control audit reports are provided and are a tremendous labor saving as one device can cover many spaces. In a parking lot many more spaces are served by only one machine.

This device has a fresh new distinctive design that will help to maintain individual municipalities desired landscape appeal.

Various Payment Selections:
